KNOW YOUR COLLEAGUES

Ashish Kumar

Born and brought up in Patna, Bihar, I completed my Bachelor's in Commerce in 2015 from B.D College. Getting into RepuGen was a lucky break. I joined here as an intern and went on to become a full-time employee.

I learned a lot from both my managers as well as my colleagues in less than 2 years. However, with constant changes and fresh challenges at every turn, there is a lot more to be learned, and I am indeed grateful for every opportunity I have been entrusted with.

Outside of work, I enjoy spending time with my friends and family, playing and managing my football team, watching OTT content like crazy, and exploring different aspects of sketching.

Ashish Anand

Born in Gaya and brought up in Patna, Bihar, I completed my schooling from St.Xavier's High School (Patna). I eventually moved to Jaipur to study Engineering from Rajasthan Technical University. I was originally going to pursue Banking career, but felt that a degree in Engineering was a better fit for my personality and interest.

I started working as an intern. With the help and guidance of my seniors and colleagues, I added on new skills. I am now involved in all the domains of RepuGen, specially in Testing and I truly enjoy every aspect of it.

When I'm not working, I like to relax and eat. Some of my hobbies include going to the club, hiking, playing sports and attending live concerts
