CEO's Corner

Ajay Prasad

Our CEO has been very busy this month. He wishes everyone a very happy and colorful Holi!

Know Your Colleagues

Ritu Kumari

Greetings everyone! It's my pleasure to introduce myself to you all. I was born and brought up in Patna. I completed my bachelor's degree from Patna Women's College in 2021. I joined FirstBit Digital as a fresher in 2022. After working for around a month as OME, I was transferred to the content team. By far, it has been a great learning experience and I am looking forward to contributing towards mine as well as the organization's growth in the coming future. Talking about my hobbies, I like listening to music, shopping, scribbling, painting, and trying different cuisines.

Loknayak Bharti

Born and brought up in Nalanda, Bihar. I completed my schooling at +2 High School Aungari (Nalanda) and graduated from Aryabhata Knowledge University, Patna (B.Tech-EEE) in 2021. After that, I joined FirstBit Digital Technologies in June 2021 as an Intern Software Engineer. Here I got the opportunity to work under Sonu Sir and learned many things that helped me improve my technical skills and knowledge. Besides work, I like listening to music, traveling, and exploring new technologies.

THE HR SPEAKS

Welcome, New Hires!

Please join me in welcoming & extend Congratulations to Rani Kumari and Sapna Kumari on joining the Marketing Team.
